

The Confetti & Co. Starter Kit

How It Works

Getting Started

1. Download your PDF from Etsy (check your email or Purchases page).
2. Open it in free Adobe Acrobat Reader (desktop or mobile).
3. Click into each highlighted field and type your details.
4. Print at home, at a local print shop, or save/share the filled PDF digitally.

Compatibility

Works in free Adobe Acrobat Reader on desktop or mobile. Some browser-based PDF viewers don't support fillable fields — if fields don't respond, open the file directly in Acrobat Reader instead.
